TRAIN STATION

ONE OF THE BEST WAYS TO GET AROUND DERBY IS TO COMBINE BIKE AND RAIL...

TAKE YOUR BIKE ON THE TRAINS...

Folding cycles are a convenient way to travel when you need to take your cycle on the train. Folding cycles can be carried on all East Midlands Trains services, provided they can be stored safely in the luggage racks.

EMT trains have capacity to carry two bikes at any one time. Cycle reservations are required and are free, however you must reserve your cycle space prior to travel and after you have purchased your train tickets.

It is strongly advised to check availability of cycle spaces prior to purchasing your train tickets as spaces cannot be guaranteed. If you travel regularly on EMT services call EMT Customer Services team on 03457 125 678 and ask about a block booking for your cycle reservations.

It is advised to book your cycle reservations as early as possible; reservations can be made online using our Cycle Reservation form. If your journey is taking place within 48 hours please call 03457 125 678 to make your reservation.

Please note that reservations must be made by 8pm on the day prior to travel.

COVERED & SECURE CYCLE STORAGE IS PROVIDED AT DERBY TRAIN STATION

FOR UP TO **140** BIKES

DERBY HAS A DIRECT ROUTE TO AND FROM THE STATION

The city centre 'rail trail' is a traffic free walking and cycle path that provides a direct link to and from the rail station with excellent links to Pride Park, Derby City Centre, Intu and the Cathedral Quarter. (You can find the map on the reverse)

DID YOU KNOW?

YOU CAN PARK YOUR BIKE FOR

free

Free cycle parking is available at many locations within the city centre, including the Park Bikeworks on Full Street which offers free secure cycle parking.

BE INSPIRED! ZOE JONES

"I work in Derby and I cycle to work for fitness. I enjoy the ride to and from work, but I also use the bus regularly as it's convenient to both my home and work locations. The services are good and reliable with smart ticketing so it's really easy and hassle-free to use.

I drive on occasions to provide lifts to colleagues depending on work requirements.
